

REQUEST FOR TENDER

Package F101 – Platework Fabrication Package

Kalium Lakes Potash Pty Ltd along with EPCM Contractor DRA Pacific Pty Ltd. are requesting tender bids to be involved as part of the Beyondie Potash Project located approximately 160 km south east of Newman, Western Australia. Details of the project can be found in <http://www.kaliumlakes.com.au/beyondie-potash-project>

The scope of the package for this **Platework Fabrication Package** is to include:

- Shop detail drawings, supply, manufacture and surface treatment of Platework including rubber lining and painting as detailed on the drawings and referred to in this Scope of Work including fasteners, gaskets, shims and fixings as shown on the drawings and to the battery limits.
- Testing of all items as per relevant specifications.
- Surface Treatment of all items as per specification.
- Supply of 5 litres of touch up paint for each coat of painting system including MSDS (5 litres primer, 5 litres intermediate, 5 litres topcoat colour matched to finished colour), per equipment number
- Inspection.
- Pre-assembly prior to packing.
- Packaging suitable for heavy and unsealed road transport as per specification.
- Loading of all packages on to transport.
- Documents and Reporting as per SDDR schedule requirements.
- Transportation of goods to Site. This item is to be treated as a standalone option for the Company to review and confirm closer to the time of despatch.

The Company (DRA) plans to issue a formal request for pricing during the week commencing 2nd December 2019, with closure of submissions scheduled for the 12th December 2019. To obtain full bidder documents please submit your details to the following email address: Joel.Jennings@draglobal.com
