

Civil Engineer

Kalium Lakes Limited is an Australian, publicly listed, exploration and development company, focused on developing the Beyondie Sulphate of Potash Project in WA preparing to produce Sulphate of Potash (SOP) - a high yield, premium fertiliser, for both domestic and international markets.

We are a small, inclusive Company seeking a skilled and experienced and talented individual to fill the role of Civil Engineer.

Key responsibilities include:

- Scoping and leading potash pond project work
- Supervising and directing work for solar evaporation ponds lining
- Experience in brine and water pipelines layout
- Cost estimation for contractor work and QA supervision skills working in a remote area

Essential Criteria

- Qualified Civil engineer
- 3-5 years of site experience in mining and/or construction
- Proven ability in scoping and leading potash pond project work
- Experience in supervising and directing work for solar evaporation ponds lining
- Experience in brine and water pipelines layout
- Conversant in Cost estimation for contractor work and QA supervision skills working in a remote area
- Knowledge of relevant Australian standards for tanks inspections and rubber lining inspections
- Current White card and Confined space ticket

Desirable criteria

- Experience working in remote mining/processing plant infrastructure
- Ability to commit to a FIFO roster – two weeks on, 1 week off
- Experience in leading and managing trade(s) people
- Previous experience on Bulk Earthworks and Roadworks projects
- Excellent communication skills– both verbal and written
- Conversant with MS Office and AutoDesk software

To be successful in this position, you will:

- Demonstrate commitment to health and safety in all actions.
- Demonstrate excellent interpersonal skills, with the ability to engage and communicate with all levels within the Company.
- Be a self-starter, who can work autonomously without significant supervision.
- You will be a team player, with a "can do approach".
- Be willing to go above and beyond to contribute to the success of our operation.

As part of our recruitment process, we require a pre-employment medical, drug and alcohol screen and a WA Police Clearance.

Closing date for this position is 6 October 2021.

If you have the relevant skills and experience for this position and are keen to join our Team, please "Apply Now", **including a copy of your current resume and cover letter.**
